**Re: Exxon Mobil Corporation  
Form 10-K for the Fiscal Year Ended December 31, 2009  
Filed February 26, 2010  
File No. 1-02256**

Dear Mr. Tillerson:

We have limited our review of your filing to your contacts with countries that have been identified as state sponsors of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We note the disclosure on page 29 and elsewhere that you have operations in Latin America, Africa, and the Middle East, regions that are generally understood to include Cuba, Sudan, Syria, and Iran. We note from the website of your joint venture, Infineum, that it serves Sudan through its sales office in France. In addition, we are aware of a November 2008 news report that your minority-owned subsidiary, Qatargas, had reached a deal to set up a joint venture with parties including the National Iranian Oil Company, to extract natural gas from Iran's South Pars gas field and liquefy it at Qatar's Ras Laffan. We also are aware of publicly-available information that Azerbaijan's Azeri-Chirag-Guneshli oil and natural gas field, in which you own a minority interest, exports crude oil to Iran. As you know, Cuba, Sudan, Syria, and Iran are identified by the State Department as state sponsors of terrorism, and are subject to U.S. economic sanctions and export controls. We note that your Form 10-K does not include disclosure regarding contacts with the referenced countries.

Please describe to us the nature and extent of your contacts with Cuba, Sudan, Syria, and/or Iran since your letters to us dated February 7, 2006 and July 14, 2006, and any anticipated contact with those countries, whether through subsidiaries, joint ventures, distributors, resellers, or other direct or indirect arrangements,. Your response should describe any goods, services, technology, or information that you have provided into Cuba, Sudan, Syria, and Iran, directly or indirectly, and any agreements, commercial arrangements, or other contacts you have had with the governments of those countries or entities controlled by those governments.

2. Please discuss the materiality of your business activities in, and other contacts with, Cuba, Sudan, Syria, and/or Iran described in response to the foregoing comment, and whether they constitute a material investment risk for your security holders. You should address materiality in quantitative terms, including the approximate dollar amounts of any revenues, assets, and liabilities associated with each of the referenced countries for the last three fiscal years and the subsequent interim period. Also, address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you know, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with U.S.-designated state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Cuba, Sudan, Syria, or Iran.
