EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1: Description of the Plan

The participants in the ExxonMobil Savings Plan ("Savings Plan"), formerly known as the Thrift Plan in the Benefit Plan of Exxon Corporation and Participating Affiliates ("Thrift Plan"), are eligible employees and former employees of Exxon Mobil Corporation ("ExxonMobil") and certain affiliated employers. The terms and conditions of the Savings Plan are fully contained in the ExxonMobil Savings Plan document ("Plan Document") dated January 1, 2000. The Savings Plan is an "employee pension benefit plan" described in Section 3(2) of the Employee Retirement Income Security Act of 1974 ("ERISA") and also a "defined contribution plan" described in Section 3(34) of ERISA.

The Savings Plan permits participant contributions of up to 18 percent of compensation and employer contributions of up to 7 percent of compensation. Other Savings Plan provisions including eligibility, enrollment, vesting, participation, forfeiture, loans, withdrawals, distributions, and federal tax treatment of a qualified plan and trust, are described in detail in the Plan Document. Also set forth in the Plan Document are the investment features of the Savings Plan including investments in ExxonMobil stock, equity investment options, asset allocation options, fixed-income options, and capital preservation options.

Note 2: Accounting Policies

The accounting records of the Savings Plan are maintained on the accrual basis.

Investments are stated at current value. Current values are based on quoted prices as of the date of the financial statements, or, if market quotations are not readily available, upon estimated values obtained from a major investment securities firm. The Merrill Lynch Floating Rate Long-Term Fixed Income Fund is stated at current value, which approximates

fair value, representing the original cost, plus interest (based upon the crediting rates of the underlying contracts) reduced by administration fees, transfers out, and withdrawals. The average crediting interest rate of the Merrill Lynch Floating Rate Long-Term Fixed Income Fund for the years ended December 31, 2000 and 1999 were 6.3% and 6.1%, respectively. The annualized crediting interest rates at December 31, 2000 and 1999 were 6.4% and 6.1%, respectively. Crediting rates fluctuate with the activities of the underlying contracts. This investment choice has no fixed term, nor a minimum crediting interest rate.

The Savings Plan's financial statements separately disclose non-participant directed investments which include both unallocated ExxonMobil common stock of the employee stock ownership plan (ESOP) and a portion of the allocated shares. At December 31, 2000 and 1999, \$578 million and \$741 million respectively, of ExxonMobil common stock remained unallocated.

-6-

EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Net appreciation and depreciation in the current value of investments includes realized gains and losses on investments sold or disposed of during the year and unrealized gains and losses on investments held at year end.

Participant loans represent the outstanding principal balances of the loans and are valued at cost, which approximates current value.

The Savings Plan is subject to normal risks associated with international and domestic debt and equity markets, including the investment in ExxonMobil common stock.

During 2000, \$3 million of employers' matching contributions were forfeited by terminating employees before those amounts became vested. Such forfeited amounts are used to fund future employer contributions.

Transfers in include participant-initiated rollovers of certain distributions from other tax-qualified plans into the Savings Plan. Transfers out include plan-to-plan transfers of the balances of former ExxonMobil employees who became employees of the Infineum USA, L.P. joint venture and those employees who became employees of TOSCO Corporation and Valero Energy Corporation due to required divestments resulting from the merger (the "Merger") of a wholly owned affiliate of Exxon Corporation and Mobil Oil Corporation. ("Mobil").

Note 3: Related-Party Transactions

During the year, commercial paper was issued by the Savings Plan and purchased by ExxonMobil. As a result of these transactions, at December 31, 2000, \$211 million was owed to ExxonMobil.

Certain Savings Plan investments are shares of funds managed by Merrill Lynch. Merrill Lynch also serves as the custodian and, therefore, these transactions qualify as party-in-interest transactions.

Note 4: Tax Status

The Trustee believes that the Savings Plan is a qualified plan under IRC Section 401(a) and that the related trust is exempt from tax under IRC section 501(a). On August 28, 1997, the Internal Revenue Service issued a favorable determination letter with respect to the qualified status of the Savings Plan under Section 401(a) of the Internal Revenue Code ("IRC"). The Savings Plan has been amended since the determination letter was received. The Trustee believes that the Savings Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS

Note 5: Expenses

Investment income from all sources is stated net of administrative expenses, which include brokerage fees on purchases and sales of ExxonMobil common stock, management fees, brokerage commissions, and administrative expenses. The participating employers also pay miscellaneous administrative expenses on behalf of the Savings Plan.

Note 6: ExxonMobil ESOP Fund

Upon merger of the Thrift Plan and the Employees Savings Plan of Mobil Oil Corporation on December 30, 1999, future contributions to the ESOP were eligible for funding from the ESOP trust established in November 1989 by Mobil. In 1989, the ESOP trust, supported by a Mobil guarantee, privately placed \$800 million of floating interest rate notes due November 22, 2004, and used the proceeds to purchase 205,788 shares of Mobil Series B Convertible Preferred Stock at a price equal to liquidation value, or \$3,887.50 per share. Following the Merger, each outstanding share of Mobil Series B Convertible Preferred Stock was converted into one share of ExxonMobil Class B Preferred Stock, with similar terms. In December 1999, each unit of ExxonMobil's Class B Preferred Stock was converted into 132.015 shares of ExxonMobil Common Stock, and the accrued dividends on units of ExxonMobil Preferred Stock were converted into shares of ExxonMobil Common Stock.

On February 27, 1990, the ESOP trust issued and Mobil guaranteed \$800 million of 9.17% Sinking Fund Debentures due February 29, 2000, pursuant to Rule 415 under the Securities Act of 1933. The ESOP trust used the proceeds to retire the floating interest rate notes due November 22, 2004. During 2000, the remaining \$60.6 million of these debentures were retired.

At December 31, 2000 and 1999, \$180 million and \$205 million, respectively, of medium-term notes were outstanding under a \$300 million shelf registration statement filed by the ESOP trust with the Securities and Exchange Commission pursuant to Rule 415. These medium-term notes are guaranteed by ExxonMobil. The proceeds of the sales of the issued notes were used to retire identical principal amounts of existing ESOP trust debt.

EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

A summary of the outstanding medium-term notes as of December 31, 2000 is as follows:

Date of Issuance	Amount (millions \$)	Interest Rate	Maturity Date
8/31/96	15	6.625%	2/28/01
2/28/97	25	6.250%	8/31/01
2/28/97	10	6.300%	9/03/02
9/02/97	40	6.375%	8/31/01
3/02/98	25	5.875%	9/03/02
3/02/98	20	5.900%	2/28/03
8/31/98	45	5.800%	9/02/03

	\$180		
	=====		

Principal and interest payments on the debentures and medium-term notes are due semi-annually. Principal maturities by calendar year are as follows: \$80 million in 2001; \$35 million in 2002; and \$65 million in 2003.

On February 4, 1999, the ESOP trust established a commercial paper program under which the ESOP trust may sell to institutional investors including

ExxonMobil or its affiliates, up to \$500 million of short-term notes. The proceeds of the sales of such notes will be used for the same purposes as the proceeds of the debt securities issued by the ESOP trust under the above mentioned shelf registration. At December 31, 2000, the ESOP Trust had \$211 million of ExxonMobil guaranteed 6.33% short-term notes outstanding, due February 28, 2001. At December 31, 1999, the Trust had \$171 million of Mobil-guaranteed 5.72% short-term notes outstanding, due February 29, 2000.

In addition to the proceeds from the financing programs mentioned above, corporate contributions to the plan and dividends are used to make principal and interest payments on the note and debentures.

The ExxonMobil trust held 125 million and 140 million shares of ExxonMobil common stock at year end 2000 and 1999, respectively. Of these total shares, 54.6 million shares and 59.9 million shares respectively, were held in the ESOP at year end 2000 and 1999. Of the total ESOP shares, 6.7 million shares and 9.1 million shares, respectively remained unallocated.

As the contributions and dividends are credited, common shares are released from the suspense account and subsequently allocated to participant accounts. During the year, 2.4 million ESOP shares were allocated to participants.

Note 7: Claims Incurred But Not Paid

The Savings Plan reports benefits paid on a cash basis as required under generally accepted accounting principles. For Form 5500 reporting purposes, claims incurred but not paid of \$30 million and \$19 million for the years ended December 31, 2000 and 1999, respectively, are reported on an accrual basis. As such, the net assets available for benefits reflected for Form 5500 purposes are \$17,142 million and \$18,209 million for the years ended December 31, 2000 and 1999, respectively.

Note 8: Investments

The following presents investments that represent 5% or more of the Savings Plan's net assets available for benefits.

Report of Independent Accountants

To the Participants and Administrator of the ExxonMobil Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the ExxonMobil Savings Plan (the "Savings Plan") at December 31, 2000 and 1999, and the changes in net assets available for benefits for the year ended December 31, 2000 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Savings Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Savings Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
