EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1: Description of the Plan

The participants in the ExxonMobil Savings Plan ("Savings Plan"), formerly known as the Thrift Plan in the Benefit Plan of Exxon Corporation and Participating Affiliates ("Thrift Plan"), are eligible employees and former employees of Exxon Mobil Corporation ("ExxonMobil") and certain affiliated employers. The terms and conditions of the Savings Plan are fully contained in the ExxonMobil Savings Plan document ("Plan Document") dated January 1, 2001, as amended from time to time. The Savings Plan is an "employee pension benefit plan" described in Section 3(2) of the Employee Retirement Income Security Act of 1974 ("ERISA") and also a "defined contribution plan" described in Section 3(34) of ERISA.

The Savings Plan permits participant contributions of up to 18 percent of compensation (effective January 1, 2002, the participant contribution limit was increased to 20% of compensation) and a company match on the first 6 percent of compensation. Up to an additional 1 percent company match may be received if the company match is directed to the Direct Dividend Account ("DDA"). The restriction on the DDA account stipulates that 75% of the assets in the DDA must be invested in ExxonMobil stock. More details of company match and DDA may be found in the Plan Document.

Other Savings Plan provisions including eligibility, enrollment, vesting, participation, forfeiture, loans, withdrawals, distributions, and federal tax treatment of a qualified plan and trust, are described in detail in the Plan Document. Also set forth in the Plan Document are the investment features of the Savings Plan including investments in ExxonMobil stock, equity investment options, asset allocation options, fixed-income options, and capital preservation options.

-6-<page>
EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2: Accounting Policies

The accounting records of the Savings Plan are maintained on the accrual basis.

Investments are stated at current value. Current values are based on quoted prices as of the date of the financial statements, or, if market quotations are not readily available, upon estimated values obtained from a major investment securities firm. The Merrill Lynch Floating Rate Long-Term Fixed Income Fund is stated at current value, which approximates fair value, representing the original cost, plus interest (based upon the crediting rates of the underlying contracts) reduced by administration fees, transfers out, and withdrawals. The average crediting interest rate of the Merrill Lynch Floating Rate Long-Term Fixed Income Fund for the years ended December 31, 2001 and 2000 were 5.7% and 6.3%, respectively. The annualized crediting interest rates at December 31, 2001 and 2000 were

5.0% and 6.4%, respectively. Crediting rates fluctuate with the activities of the underlying contracts. This investment choice has no fixed term, nor a minimum crediting interest rate.

The Savings Plan's financial statements separately disclose non-participant directed investments which include both unallocated ExxonMobil common stock of the employee stock ownership plan (ESOP) and a portion of the allocated shares. At December 31, 2001 and 2000, \$292 million and \$578 million respectively, of ExxonMobil common stock remained unallocated.

Net appreciation and depreciation in the current value of investments includes realized gains and losses on investments sold or disposed of during the year and unrealized gains and losses on investments held at year end.

Participant loans represent the outstanding principal balances of the loans and are valued at cost, which approximates current value.

The Savings Plan is subject to normal risks associated with international and domestic debt and equity markets, including the investment in ExxonMobil common stock.

During 2001, \$2 million of employers' matching contributions were forfeited by terminating employees before those amounts became vested. Such forfeited amounts are used to fund future employer contributions.

-7-<page>
EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Transfers in include participant-initiated rollovers of certain distributions from other tax-qualified plans into the Savings Plan. Transfers out include plan-to-plan transfers of the balances of former ExxonMobil employees who became employees of the Infineum USA, L.P. joint venture and those employees who became employees of South Pacific Petroleum Corporation and Air BP Amoco Corporation due to required divestments resulting from the merger (the "Merger") of a wholly owned affiliate of Exxon Corporation and Mobil Oil Corporation. ("Mobil").

Note 3: Related-Party Transactions

During the year, commercial paper was issued by the Savings Plan and purchased by ExxonMobil. As a result of these transactions, at December 31, 2001, \$180 million was owed to ExxonMobil.

Certain Savings Plan investments are shares of funds managed by Merrill Lynch. Merrill Lynch also serves as the custodian and trustee and, therefore, these transactions qualify as party-in-interest transactions.

Note 4: Tax Status

The Internal Revenue Service has determined and informed the Savings Plan administrators by a letter dated August 28, 1997, that the Savings Plan is qualified and the trusts established under the Savings Plan are tax-exempt, under the appropriate sections of the Code. The Savings Plan has been amended since receiving the determination letter. However, the Savings Plan believes that the Savings Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore, was qualified and the related trusts were tax-exempt as of the financial statement date.

Note 5: Expenses

Investment income from all sources is stated net of administrative expenses, which include brokerage fees on purchases and sales of ExxonMobil common stock, management fees, brokerage commissions, and administrative expenses. The participating employers also pay miscellaneous administrative expenses on behalf of the Savings Plan.

-8-<page>
EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6: ExxonMobil ESOP Fund

Upon merger of the Thrift Plan and the Employees Savings Plan of Mobil Oil Corporation on December 30, 1999, future contributions to the ESOP were eligible for funding from the ESOP trust established in November 1989 by Mobil. In 1989, the ESOP trust, supported by a Mobil guarantee, privately placed \$800 million of floating interest rate notes due November 22, 2004, and used the proceeds to purchase 205,788 shares of Mobil Series B Convertible Preferred Stock at a price equal to liquidation value, or \$3,887.50 per share. Following the Merger, each outstanding share of Mobil Series B Convertible Preferred Stock was converted into one share of ExxonMobil Class B Preferred Stock, with similar terms. In December 1999, each unit of ExxonMobil's Class B Preferred Stock was converted into 132.015 shares of ExxonMobil Common Stock, and the accrued dividends on units of ExxonMobil Preferred Stock were converted into shares of ExxonMobil Common Stock.

At December 31, 2001 and 2000, \$100 million and \$180 million, respectively, of medium-term notes were outstanding under a \$300 million shelf registration statement filed by the ESOP trust with the Securities and Exchange Commission pursuant to Rule 415. These medium-term notes are guaranteed by ExxonMobil. The proceeds of the sales of the issued notes were used to retire identical principal amounts of existing ESOP trust debt.

A summary of the outstanding medium-term notes as of December 31, 2001 and 2000 is as follows:

Date of Issuance	Interest Rate	Maturity Date	2001 (millions \$)	2000
-----	-----	-----	----	----
8/31/96	6.625%	2/28/01	-	15
2/28/97	6.250%	8/31/01	-	25
2/28/97	6.300%	9/03/02	10	10
9/02/97	6.375%	8/31/01	-	40
3/02/98	5.875%	9/03/02	25	25
3/02/98	5.900%	2/28/03	20	20
8/31/98	5.800%	9/02/03	45	45
			-----	-----
			\$100	\$180
			=====	=====

Principal and interest payments on the medium-term notes are due semi-annually.

NOTES TO FINANCIAL STATEMENTS

On February 4, 1999, the ESOP trust established a commercial paper program under which the ESOP trust may sell to institutional investors including ExxonMobil or its affiliates, up to \$500 million of short-term notes. The proceeds of the sales of such notes will be used for the same purposes as the proceeds of the debt securities issued by the ESOP trust under the above mentioned shelf registration. At December 31, 2001, the ESOP trust had \$180 million of ExxonMobil guaranteed 1.76% short-term notes outstanding, due February 28, 2002. At December 31, 2000, the ESOP trust had \$211 million of ExxonMobil guaranteed 6.33% short-term notes outstanding, due February 28, 2001.

In addition to the proceeds from the financing programs mentioned above, corporate contributions to the plan and dividends are used to make principal and interest payments on the notes.

The Savings Plan held 247 million and 250 million shares of ExxonMobil common stock at year end 2001 and 2000, respectively. Of these total shares, 104.2 million shares and 109.6 million shares respectively, were held in the ESOP at year end 2001 and 2000. Of the total ESOP shares, 7.4 million shares and 13.4 million shares, respectively remained unallocated.

As the contributions and dividends are credited, common shares are released from the suspense account and subsequently allocated to participant accounts. During the year, 6.0 million ESOP shares were allocated to participants.

Note 7: Claims Incurred But Not Paid

The Savings Plan reports benefits paid on a cash basis as required under accounting principles generally accepted in the United States of America. For Form 5500 reporting purposes, claims incurred but not paid of \$2 million and \$30 million for the years ended December 31, 2001 and 2000, respectively, are reported on an accrual basis. As such, the net assets available for benefits reflected for Form 5500 purposes are \$15,270 million and \$17,142 million for the years ended December 31, 2001 and 2000, respectively.

-10-<page>

EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 9: Subsequent Event

Effective February 8, 2002, the Savings Plan was amended to designate the entire Savings Plan as an Employee Stock Ownership Plan (ESOP) in order to expand the direct dividend payment option to all shares of ExxonMobil stock held in the Savings Plan.

Report of Independent Accountants

To the Participants and Administrator of the ExxonMobil Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the ExxonMobil Savings Plan (the "Savings Plan") at December 31, 2001 and 2000, and the changes in net assets available for benefits for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Savings Plan's manage-

ment; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Savings Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
