EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1: Description of the Plan

General

- -----

The participants in the ExxonMobil Savings Plan ("Savings Plan"), formerly known as the Thrift Plan in the Benefit Plan of Exxon Corporation and Participating Affiliates ("Thrift Plan"), are eligible employees and former employees of Exxon Mobil Corporation ("ExxonMobil" or "Company") and certain affiliated employers. The terms and conditions of the Savings Plan are fully contained in the ExxonMobil Savings Plan document and the ExxonMobil Savings Trust document (collectively, the "Plan Document") dated July 1, 2002, as amended from time to time. The Savings Plan is an "employee pension benefit plan" described in Section 3(2) of the Employee Retirement Income Security Act of 1974 ("ERISA") and also a "defined contribution plan" described in Section 3(34) of ERISA. In addition, effective February 8, 2002, the entire Savings Plan has been designated an Employee Stock Ownership Plan ("ESOP"), a plan designed to invest primarily in employer securities.

Contributions

- -----

Effective January 1, 2002, the Savings Plan permits participant contributions of up to 20 percent of compensation and a 100% Company match on the first 6 percent of compensation. Prior to January 1, 2002, the contribution limit was 18 percent. Up to an additional 1 percent Company match may be received if the participant elects for the Company match to be directed to the Direct Dividend Account ("DDA"). The restriction on the DDA stipulates that 75% of the assets in the DDA must be invested in ExxonMobil stock. Effective September 1, 2002, employees who are at least age 50 at the end of 2002, may elect to make additional pretax ("catch-up") contributions up to \$1000. More details of Company match, DDA, and catch-up contributions may be found in the Plan Document.

Vesting

- -----

Participants are immediately vested in their contributions and earnings. Effective January 1, 2002, Company contributions vest at 100% upon the earliest of completion of 3 years of vesting service, reaching age 65, or upon death of the participant.

Forfeitures

- -----

During 2002 and 2001, \$1 million and \$2 million, respectively, of employers' matching contributions were forfeited by terminating employees before those amounts became vested. Such forfeited amounts are used to reduce future employer contributions.

-6-<page>
EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Other Plan Provisions

- -----

Other Savings Plan provisions including eligibility, enrollment, participation, forfeiture, loans, withdrawals, distributions, and investment options, are described in the Plan Document.

Plan Termination

- -----

The Company may terminate or amend the Savings Plan at any time. In the event of termination, the net assets of the Savings Plan will be distributed in accordance with the Employee Retirement Income Security Act of 1974.

Note 2: Accounting Policies

Basis of Accounting

- -----

The financial statements of the Savings Plan are presented on the accrual

basis of accounting except benefit payments which are reported on a cash basis as described in Note 7.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair values are based on quoted prices as of the date of the financial statements, or, if market quotations are not readily available, upon estimated values obtained from a major investment securities firm. The Merrill Lynch Floating Rate Long-Term Fixed Income Fund includes guaranteed investment contracts (GICs) which are stated at contract value, which approximates fair value, representing the original cost, plus interest (based upon the crediting rates of the underlying contracts) reduced by administration fees, transfers out, and withdrawals. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rates of the Merrill Lynch Floating Rate Long-Term Fixed Income Fund for the years ended December 31, 2002 and 2001 were 4.9% and 5.7%, respectively. The annualized crediting interest rates at December 31, 2002 and 2001 were 4.2% and 5.0%, respectively. Crediting rates fluctuate with the activities of the underlying contracts. This investment choice has no fixed term, nor a minimum crediting interest rate.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

-7-<page>
EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The Savings Plan's financial statements separately disclose non-participant directed investments which include both unallocated ExxonMobil common stock of the ESOP and a portion of the allocated shares. At December 31, 2002 and 2001, \$35 million and \$292 million respectively, of ExxonMobil common stock remained unallocated.

Net appreciation and depreciation in the current value of investments includes realized gains and losses on investments sold or disposed of during the year and unrealized gains and losses on investments held at year end.

Participant loans represent the outstanding principal balances of the loans and are valued at cost, which approximates current value.

The Savings Plan is subject to normal risks associated with international and domestic debt and equity markets, including the investment in ExxonMobil common stock.

Transfers in include participant-initiated rollovers of certain distributions from other tax-qualified plans into the Savings Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

Note 3: Related-Party Transactions

During 2002 and 2001, commercial paper was issued by the Savings Plan and purchased by ExxonMobil. As a result of these transactions, at December 31, 2002 and 2001, \$82 million and \$180 million, respectively, were owed to ExxonMobil.

Certain Savings Plan investments are shares of various funds managed by Merrill Lynch Trust Company, FSB, Barclays Global Investors, N.A., and The Northern Trust Company. These parties also provide fiduciary services to the Savings Plan and, therefore, purchases and sales of these investments qualify as party-in-interest transactions.

-8-<page>
EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4: Tax Status

The Internal Revenue Service has determined and informed the Savings Plan administrators by a letter dated November 14, 2002, that the Savings Plan is qualified and the trusts established under the Savings Plan are tax-exempt, under the appropriate sections of the Internal Revenue Code ("Code"). The Savings Plan has been amended since receiving the determination letter. However, the Savings Plan counsel believes that the Savings Plan is currently designed and is being operated in compliance with the applicable requirements of the Code and therefore, was qualified and the related trusts were tax-exempt as of the financial statement date.

Note 5: Expenses

Investment income from all sources is stated net of administrative expenses, which include brokerage fees on purchases and sales of ExxonMobil common stock, management fees, and brokerage commissions. The participating employers also pay miscellaneous administrative expenses on behalf of the Savings Plan.

Note 6: ExxonMobil ESOP Trust

Upon merger of the Thrift Plan and the Employees Savings Plan of Mobil Oil Corporation on December 30, 1999, ("the Merger"), future contributions to the ESOP were eligible for funding from the ESOP trust established in November 1989 by Mobil Oil Corporation ("Mobil"). In 1989, the ESOP trust, supported by a Mobil guarantee, privately placed \$800 million of floating interest rate notes due November 22, 2004, and used the proceeds to purchase 205,788 shares of Mobil Series B Convertible Preferred Stock at a price equal to liquidation value, or \$3,887.50 per share. Following the Merger, each outstanding share of Mobil Series B Convertible Preferred Stock was converted into one share of ExxonMobil Class B Preferred Stock, with similar terms. In December 1999, each unit of ExxonMobil's Class B Preferred Stock was converted into 132.015 shares of ExxonMobil Common Stock, and the accrued dividends on units of ExxonMobil Preferred Stock were converted into shares of ExxonMobil Common Stock.

-9-<page>

EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

At December 31, 2002 and 2001, \$65 million and \$100 million, respectively, of medium-term notes were outstanding under a \$300 million shelf registration statement filed by the ESOP trust with the Securities and Exchange Commission pursuant to Rule 415. These medium-term notes are guaranteed by ExxonMobil and are secured by the unallocated ESOP shares. As shares in the ESOP are allocated to participants, a corresponding number of shares are released from securing the notes. The proceeds of the sales of the issued notes were used to retire identical principal amounts of existing ESOP trust debt.

A summary of the outstanding medium-term notes as of December 31, 2002 and 2001 is as follows:

<TABLE>

<CAPTION>

	Date of Issuance	Interest Rate	Maturity Date	2002 (millions \$)	2001
	-----	-----	-----	-----	-----
<s>	<c>	<c>	<c>	<c>	<c>
	2/28/97	6.300%	9/03/02		10
	3/02/98	5.875%	9/03/02		25
	3/02/98	5.900%	2/28/03	20	20
	8/31/98	5.800%	9/02/03	45	45
				-----	-----
				\$ 65	\$100
				=====	=====

Principal and interest payments on the medium-term notes are due semi-annually.

</TABLE>

On February 4, 1999, the ESOP trust established a commercial paper program under which the ESOP trust may sell to institutional investors including ExxonMobil or its affiliates, up to \$500 million of short-term notes. The proceeds of the sales of such notes will be used for the same purposes as the proceeds of the debt securities issued by the ESOP trust under the above mentioned shelf registration. At December 31, 2002, the ESOP trust had \$82 million of ExxonMobil guaranteed 1.29% short-term notes outstanding, due February 28, 2003. At December 31, 2001, the ESOP trust had \$180 million of ExxonMobil guaranteed 1.76% short-term notes outstanding, due February 28, 2002.

In addition to the proceeds from the financing programs mentioned above, corporate contributions to the Savings Plan and dividends are used to make principal and interest payments on the notes.

-10-<page>
EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The Savings Plan held 236 million shares and 247 million shares of ExxonMobil common stock at year end 2002 and 2001, respectively. Of these total shares, 98.0 million shares and 104.2 million shares, respectively, were held in the ESOP trust (a part of the ExxonMobil Savings Trust) at year end 2002 and 2001. Of the total ESOP trust shares, 1.0 million shares and 7.4 million shares, respectively, remained unallocated.

As the contributions and dividends are credited, common shares are released from securing the debt and are subsequently allocated to participant accounts. During the year, 6.4 million ESOP trust shares were allocated to participants.

Note 7: Claims Incurred But Not Paid

The Savings Plan reports benefits paid on a cash basis as required under accounting principles generally accepted in the United States of America. For Form 5500 reporting purposes, claims incurred but not paid of \$9 million and \$2 million for the years ended December 31, 2002 and 2001, respectively, are reported on an accrual basis. As such, the net assets available for benefits reflected for Form 5500 purposes are \$13,158 million and \$15,270 million for the years ended December 31, 2002 and 2001, respectively.

Note 8: Investments

The following presents investments that represent 5% or more of the Savings Plan's net assets available for benefits.

<TABLE>

</TABLE>

-11-<page>
EXXONMOBIL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

During 2002, the Savings Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$1,662 million as follows:

(millions \$)

ExxonMobil Common Stock	\$ (1,030)
Common collective trusts	(315)
Common stock	(258)
Mutual funds	(54)
Corporate debentures	(4)
U.S. Government securities	(2)
Other	1

	\$ (1,662)
	=====

Note 9: Subsequent Event

On May 1, 2003, the ExxonMobil Savings Plan recordkeeping balances and the Merrill Lynch recordkeeping for the heritage Mobil balances were "harmonized" into one ExxonMobil Savings Plan recordkeeping system at CitiStreet LLC. With the harmonization, two new investment options, an international equity unit fund and a bond fund, were added to the existing ExxonMobil Savings Plan investment options. In addition, all Merrill Lynch-held investments with the exception of ExxonMobil common stock were converted to other existing and new ExxonMobil Savings Plan investment options.

Report of Independent Auditors

To the Participants and Administrator of the ExxonMobil Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the ExxonMobil Savings Plan (the "Savings Plan") at December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Savings Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) and schedule of assets (acquired and disposed of within the plan year) are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Savings Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
