General

The following description provides general information for the ExxonMobil Fuels Marketing Savings Plan (the Plan). Participants should refer to

the Plan document for a more complete description of the Plan's provisions. Participants may also make a rollover contribution from other qualified plans or rollover IRA. Generally, for eligible participants, the Company matches contributions at 50 cents for each pretax dollar contributed up to the first 3% of eligible pay and/or makes contributions equal to 3% of eligible pay. For eligible participants covered by a collective bargaining agreement, the Company provides a 100% match, up to 4% of eligible pay. Effective September 1, 2002, employees who are at least age 50 at the end of the Plan year may elect to make additional pretax contributions up to limits defined in the Plan.

Vesting

- -----

Participants are immediately vested in their contributions and earnings. Company contributions vest at 100% after 3 years of qualifying service or, if the participant is employed by the Company, on or after age 65 or upon death while an employee.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting except benefit payments which are reported on a cash basis to conform with generally accepted accounting principles.

Investment Valuation and Income Recognition

Investment income is recorded when earned. Investments are stated at fair value based upon market quotations as determined by the trustee. Interest earned on the money market deposits and the change in the value of the investments are allocated daily to the individual employee accounts on the basis of the participant's account balance. Investments are subject to normal risks associated with international and domestic debt and equity markets.

Net appreciation and net depreciation in the current value of investments includes realized gains and losses on investments sold or disposed of during the year and unrealized gains and losses on investments held at year end. Purchases and sales of securities are recorded on the trade date. Dividends are recorded on the ex-dividend date.

Participant loans represent the outstanding principal balances of the loans and are valued at cost, which approximates current value.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - INCOME TAX STATUS:

The legal counsel believes the Plan is qualified under the applicable sections of the Internal Revenue Code (IRC) and therefore the trust is exempt from federal tax under Section 501(a) of the IRC. A favorable determination letter with respect to the tax-exempt status of the trust was issued by the Internal Revenue Service in October 2002. The Plan has been amended since receiving the determination letter. However, legal counsel believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

NOTE 5 - NONEXEMPT TRANSACTIONS:

During October 2002, an employee's contribution was not remitted to Merrill Lynch, the trustee, on a timely basis due to a systems interface problem. The Company remitted the contribution (\$15) and earnings (\$10) to Merrill Lynch in September 2003.

During December 2002, the Plan discovered that 25 participants had not received

credit for loan repayments since July 2002 because of a payroll process problem. The Company remitted the missed loan payments for 20 participants (\$11,100) to Merrill Lynch in January 2003. Also in January 2003, the company refunded missed loan payments (\$4,928) to the remaining 5 participants. In March 2003, the Company remitted additional funds to Merrill Lynch for earnings related to the affected loans (\$1,293). The Plan also discovered another 6 similarly affected loans. In April 2003, the Company remitted funds to Merrill Lynch for one of the affected loans (\$235). Related earnings (\$23) were remitted in June 2003. Also in June 2003, the Company remitted funds to Merrill Lynch for a second participant's missed loan repayments (\$255). Additional earnings (\$38) were remitted to Merrill Lynch in July 2003. The remaining 4 loans had been otherwise repaid and the participants were refunded for the amount of the payments (\$494) and earnings (\$149) in July 2003. These transactions were reported on the 2002 Schedule G.

During February 2003 through August 2003, five employees' contributions were not remitted to Merrill Lynch on a timely basis due to a systems interface problem. The Company corrected the situation for one employee in September 2003, and Merrill Lynch, the trustee, received on behalf of the participant contributions (\$23) and earnings (\$9). The Company remitted contributions (\$3,010) and earnings (\$1,181) to Merrill Lynch on behalf of the other four participants in December 2003.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) and schedule of nonexempt transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
